

Lake Michigan Salmon Fishing Trip June 5, 2010

This is an outreach event so feel free to invite anyone to the trip. Our outing is a 5 hour charter trip booked through Winthrop Harbor starting at 12:00, noon on June 5, 2010. How long you are

actually on the water will depend on how long it takes to catch our limit, remember it is fishing. We will have six fishermen per boat. Limits are 5 fish of one species per angler.

June 5th is during the Illinois free fishing weekend so anglers will not need to purchase an Illinois fishing license or salmon stamp. Cost for the charter is \$95.00 per person.

We will be leaving from Eastview Christian Church parking lot, on time, at 8:30am. Please plan on being at Eastview no later than 8:15 am to check in. We will car pool from Eastview so plan on giving your driver some money for gas for the trip.

Bring a small cooler with your snacks and drinks for the day on the boat. This will also be needed to bring back your days catch. Bring some extra money to cover your lunch, there is a hot dog stand at the harbor, and dinner, probably a fast food stop on the way home. It is also customary to tip the first mate for a good day of fishing, and they will clean your fish for a dollar per fish. Highly recommended. Also, plan on the day's weather. Bring a jacket, soft soled shoes, sunglasses, sunscreen, etc. We will call the Captain to check the weather before leaving town. If for some reason they are not allowing boats out that day, the money can be refunded or another day can be selected.

I will be calling to reserve our boats on March 30, 2010. We must have the below form and your money turned in to event organizer, Kirk Ijams, before March 30th, so enough boats can be reserved. *Limited space is available - Maximum of 36 participants.*

Kirk Ijams can be reached at (309) 261-1505, or e-mail at kijams@comcast.net
